**GLOBAL TOTAL OFFICE ANNOUNCES LAUNCH OF 'METRUS™ OFFICE SEATING'**

**MARKET APPLICATION**

Executive/Managers

**DESIGN + INNOVATION**

Global is pleased to announce Metrus, a new seating series designed for the executive /manager who wants style as well as ergonomic control. Created by renowned designer Zooney Chu, Metrus offers four levels of seating functions: synchro tilter, knee-tilter, multi-tilter and tilter – plus two back heights: executive and high back – to precisely tailor the chair to your specific needs. Multi-tilter models provide a 2 to 1 tilting ratio and a 5-position tilt lock for an incredibly smooth, gliding feel. A standard titanium colored spider base gives rise to a generously proportioned, curved seat and sweeping arm design with padded armcaps. An aluminum back arch helps provide lateral back support while the executive high back models feature an applied headrest for greater presence as well as head and neck support. Metrus is as distinctive in appearance as it is flexible in adjustments for a truly exceptional seating experience.

List price starting at \$800.
