

FLIP-TOP

One of Global's most popular table series has expanded its product offering with an array of new, innovative models.

FLIP-TOP TABLES are a unique entity in that they can be nested and easily stored by activating the single hand release mechanism from the left or right side. Standard with locking casters, a meeting can literally take place at a moments notice!

The addition of **KEYSTONE** and **WEDGE TABLES** with either tapered or spider legs provide more styles and configurations that are sure to fit any office space.

The **PRESENTATION BOARD** is a great asset to any conference room. The double sided whiteboard can serve as a single or two-piece rotating board. Optional Flip Chart Pad is useful when conveying additional information.

FEATURES:

- Unique "Bubble molding" edge compresses under tension, creating a seal to locate and align interconnected tables
- Flip-Top Tables are available in 24" and 30" depths and 60", 66" and 72" widths. Rectangular Flip-Top tables are also available in 42" and 48" widths.
- Keystone and Wedge Tables are offered with either Tapered or Spider legs. Flip-Top Tables are available exclusively with Spider legs.
- Metal feet are height adjustable and offered in Silver or Black Nickel finish. Optional height adjustable-locking casters are available at no charge, offered in Silver or Black Nickel finish (standard on Flip-Top models)
- Modesty Panels on Flip-Top models not only provide privacy but are able to remain connected when nested.
- Each panel on the Presentation Board swivels 180° for ease of use. This is particularly helpful when used in classroom or training applications.

SUGGESTED APPLICATIONS:

- Training Rooms
- Boardrooms
- Classrooms
