seating+tablecollection//

GGI Office Furniture is a wholly owned subsidiary of the Global Group of Canada, one of the largest multi-national manufacturers and distributors of office furniture and seating products in the world.

In this catalogue you will find a broad range of our everyday seating. Other catalogues catering specifically for the corporate, education, hospitality and, healthcare sectors are also available.

GGI Office Furniture was established some fourteen years ago and are based in a purpose built production and showroom facility in the UK.

Here, GGI carry on the Global philosophy of vertical integration, sourcing and creating products. These products combine superior design with a consistent quality. With timely distribution we are focused in maintaining our position as the ultimate seating company.

The heart of our business is the desire to bring to the market innovative, technologically advanced and affordable products that meet the changing demands of the furniture market.

As an ISO 9001 and 14001;2004 approved company, we continue to invest in both quality and environmental initiatives within our evolving manufacturing processes.

Why? Because it is the right thing to do.

Welcome to the world of GGI ■

sara

//The Sara family of task chairs is available with mid, high and executive back options.

There are both twin and three lever mechanisms, and three arm options: fixed height, height adjustable and the new multi function adjustable arm, which folds away when not in use.

[PS4000MFADJ]

[PS4000ADJ]

Executive Back

High Back

Mid Back

sara

Sara now includes a 24 hour chair with weight loading to 150kgs and tested to BS5459. A robust three lever mechanism and seat slide as standard, together with the same three arm options.

A mid back draughting chair with adjustable footring is supplied with a straight back, or with the hinged check-out back when space is an issue.

A complementary cantilever visitor chair tested to BS15373 and a four leg conference chair make up this broad range of high specification, value for money seating. All other Sara chairs are tested to BS1335 for eight hour use and upto 110kgs weight loading, although all have gas lifts certified to carry 150kgs.
