Quality of Life Products™

YORK™

An important consideration in the development of the York Series is the anthropometric and ergonomics needs of today's user and care giver. Extensive research and special attention given to the design, construction and components of York provide the user comfort rarely found in conventional or health care seating. Correct positioning and support promote proper body alignment. This can create an alert state, positive self-esteem and a general feeling of well being. For finish options, please refer to the "Global Total Office" Price List.

UPHOLSTERY

- Choose from a wide selection of patterns and textures
- Fabric program offers the basic health care needs: cleanability, durability, moisture barrier and home-like appeal

NECK REST

- Add comfort by adjusting to your personal setting

FOAM

- Provides a softer, more residential feel
- Contoured and plush seat cushion

BACK

- Optional back angle adjustment available (See "V" function below)
- Contoured back with built-in lumbar support

ARMRESTS

- Softly shaped edges and contours provide added comfort and convenience

FRAME

- Flared legs add stability
- Specially formulated finish is impervious to many domestic and institutional stains
- Oak or Maple hardwood with mortise and tenon joints provide superior construction

SEAT

- All seats are removable and replaceable
- Depth and angle adjustment on selected models (See "U" function below)
- Seat design and construction help to prevent bottom-out syndrome enhancing comfort
- Radius front edge with adjustable seat depth ensures lower leg circulation
- Self-draining seat prevents puddling of fluids from spills or incontinence

GC7503-WW

Optional "U" function three position adjustable seat angle

Optional "V" function four position adjustable back angle
